7. Two Agency employees are presently attending a no cost, three week NIPS Course (IBM S/360 Formatted Files System), being given at the National Military Command System Support Center in Rosslyn. One of the attendees, [REDACTED] 25X1A9a FE, [REDACTED] was enrolled through the Central Cover Staff; the other, [REDACTED] DDP/SG, enrolled directly with NMCSSC. The course is running 6 - 22 April; ~~no cost~~.

8. [REDACTED] (OSP) called [REDACTED] where he is 25X1A a NIPA Fellow, seeking guidance. The Civil Service Commission has sent a detailed questionnaire to all Career Educational Award recipients regarding the financial arrangements made for them by the sponsoring Agencies. The purpose of the questionnaire is to make a study of the finances and possibly suggest a standard to sponsoring agencies. John feels that the Agency will be low compared to the others. Most other agencies allowed an increase when the new per diem rates went into effect -- some even pay for travel to and from school according to John. He would appreciate hearing from us by 20 April as to how much he can reveal.

9. [REDACTED] visited [REDACTED] on 14 April as part of pre-production planning for the Surveillance film. Support [REDACTED] was requested for 25X1A building and moving of equipment, etc. We have the sound stage reserved from 27 April to 8 May. Tentative plans call for devoting the first week to set construction, set dressing, lighting, and possibly some rehearsing. The big hang-up now is finding actors who can pass CI Staff scrutiny. If we can't find them, the whole schedule is kaput!
